

AVK INSERTS FOR TRUCKS

R-N SERIES RIVET NUT THREADED INSERT

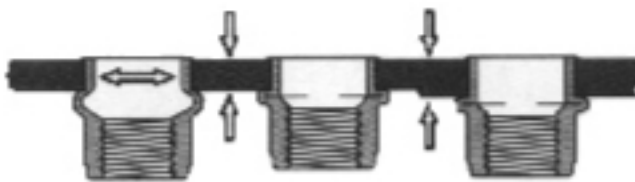

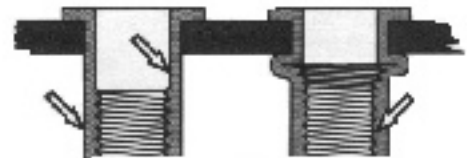

RN SERIES			GRIP RANGE	BROKEN BOX	100/BOX
1/4-20	1st Grip	Small	.020-.080	.49 ea.	\$35.83
	2nd Grip	Medium	.080-.140	.52 ea.	\$36.88
	3rd Grip	Long	.140-.200	.56 ea.	\$38.59
5/16-18	1st Grip	Small	.030-.125	.60 ea.	\$46.72
	2nd Grip	Medium	.125-.200	.64 ea.	\$48.14
	3rd Grip	Long	.200-.275	.68 ea.	\$50.07
3/8-16	1st Grip	Small	.030-.115	.24 ea.	\$93.44
	2nd Grip	Medium	.115-.200	.28 ea.	\$96.24
	3rd Grip	Long	.200-.285	.32 ea.	\$100.00

COLD FORMING TECHNOLOGY™

HOW IT WORKS FOR YOU

The R-N Series Rivet Nuts are manufactured using state-of-the-art cold forming technology. This provides very precise tolerances. All surfaces of the R-N Series are FORMED, not machined. This provides excellent quality. The internal thread of the R-N Series Rivet Nut is roll FORMED not machined. This provides excellent thread strength.

A-L SERIES KNURLED THREAD INSERTS

SPINWALL TECHNOLOGY™ HOW HOLE FILL WORKS FOR YOU

RN SERIES			GRIP RANGE	BROKEN BOX	100/BOX
1/4-20	1st Grip	Small	.027-.165	.28 ea.	\$19.71
	2nd Grip	Long	.165-.260	.32 ea.	\$24.64
5/16-18	1st Grip	Small	.027-.150	.36 ea.	\$27.81
	2nd Grip	Long	.150-.312	.48 ea.	\$34.75
3/8-16	1st Grip	Small	.027-.150	.52 ea.	\$40.10
	2nd Grip	Long	.150-.312	.68 ea.	\$50.12

As the A-L Series is installed, the knurled body expands 360° FILLING THE HOLE. This feature provides exceptional thickness torque strength and vibration resistance. The installation tool then continues to install the insert forming a backside flange even in multiple or variable thickness material—WITHOUT ADJUSTMENT.
